HORTON SHARPLY CRITICIZED

Raps Ratepayers on Skaha Water Stand

An aroused Skaha Lake woman, Mrs. A. M. Flathen, has declared war on the group of ratepayers led by John Horton whom she charges, is blocking extension of domestic water mains to the Skaha Lake area.

Heading a delegation of four persons at city council meeting last night, Mrs. Flathen said the only stumbling block in the way of the water installation, was that "Mr. Horton has so many people convinced they are going to get the water for nothing when anybody should know that no city has the money to go around making free installations, left and right."

The delegation comprised Mr. and Mrs. Flathen and Mr. and Mrs. Don Isaac.

Mrs. Flathen, who has been trying to circulate a petition among Skaha Lake property owners asking for domestic water service on a local improvement basis, vehemently denied charges of misrepresentation that were levelled by Mr. Horton yesterday.

"We definitely did not claim that our petition had the approval of Mr. Horton," she said. "In fact we told the people that Mr. Horton was not in favor."

"This is war," Mrs. Flathen declared. "Mr. Horton doesn't want water under any circumstances and doesn't care whether anybody else needs it or not." Council members emphasized repeatedly throughout the lengthy discussion following, that water mains can be extended to the Skaha Lake area this year, only on a local improvement plan.

NO POLICY CHANGE
"There can be no change in policy for the present," Mayor C. E. Oliver declared. "The only way that the Skaha Lake people can get water is by local improvement. There is absolutely no hope of them ever getting anything for free."

A number of "misconceptions" were noted and it was suggested that the property owners concerned might be invited to a meeting with council where they could get "the straight facts." No immediate decision was reached on this suggestion.

Meanwhile Mrs. Flathen should be armed with an official letter from council, it was agreed. The letter is to set forth "the situation as it actually is" to corroborate her statements as she circulates the petition for local improvement.

The letter is to note that the city has no alternative but to insist on local improvement as the only means whereby extensions of domestic water lines can be made anywhere in the city under the policy in effect for the past five years. Since a council initiative local improvement plan has been defeated by the property owners concerned, the installation to the Skaha Lake area can proceed immediately only if a petition for local improvement is received, signed by at least three-fifths of the property owners concerned, and representing

more than 50 per cent of the land values involved. Once such a petition was received, providing it was before heavy tourist traffic begins after June 15, work on extending the mains to the Skaha Lake area could begin within a week or 10 days.

WRONG IDEAS
Council members said there were also some "wrong ideas" about the self-supporting waterworks policy recently outlined to two council representatives at Victoria by municipal affairs department officials.

"This was not a recommendation to council to abandon its local improvement policy," said Ald. P. F. Pauls. "The self-supporting plan was only suggested to us as a good deal if we decided to abandon local improvement. Crux of the matter is whether we should abandon local improvement or not. Thus the department did not make a recommendation but only presented an alternative policy to the one we have."

"Whether council changes its policy or not, Skaha Lake won't get water for free," added Ald. H. M. Geddes. "Right now I don't know which policy would be cheaper."

Still another "misconception" was that the city would be forced to install a domestic water line to the new Green Avenue School in the Skaha Lake area enabling properties abutting the line to get water service without the foot frontage charge required by local improvement.

Mrs. Flathen said this notion was quite prevalent in the Skaha Lake area even though she knew "for a fact" that the city could not be thus forced.

"There are many schools in B.C. which have their own private domestic water systems," agreed Ald. P. F. Pauls, who is also school board chairman. "Some of them are not very far from here."

"Horton's bunch claim you won't get liability insurance coverage at the school if the city doesn't extend the water line to it."

"We already have the coverage," replied Ald. E. Raut.

ADJUSTMENT PROMISED
On still another point of misunderstanding, council members said there would definitely be an adjustment to compensate for local improvement payments.

City Man Fined \$25 for Speeding

"It's a new car and I'm not used to it," was a local man's explanation in police court today for driving at 50 miles an hour in the city limits.

William Harder, 940 King Street, was fined \$25 and \$3-costs by Magistrate H. J. Jennings after pleading guilty to exceeding the speed limit.

In default of payment the magistrate said Harder would go to jail for 15 days.

should the alternative "self-supporting" policy be adopted. This would probably mean that frontage tax payments under the new policy would be waived until prepayments under local improvement had been used up. This would apply equally to all areas where local improvement payments were being made, and not just the Skaha Lake area, Ald. Pauls emphasized.

The adjustment would not be in the form of a cash reimbursement, it was stated.

Ald. P. F. E. Raut doubted that the city had power to make such adjustments. Ald. Geddes and city clerk H. G. Andrew then explained that the deputy minister of municipal affairs had given assurance of such authority.

To another charge of Mr. Horton's yesterday that the city had "promised certain new auto courts water by April 1," Ald. Pauls declared, "That is a completely false statement. Someone could have told them that if they accepted the local improvement plan when it was being proposed on a council initiative basis, they would have water by April 1."

Ships Depart For Exercises

HALIFAX (CP)—The British home fleet and about 12 ships of the Canadian Navy left port today for exercises in the North Atlantic.

The 14-ship British fleet arrived here Friday with the 12 Canadian ships that took part in exercises in southern waters for the last month.

The two fleets will work together as they move across the Atlantic toward England. The Canadian ships will turn back to Halifax next weekend.

Criticizes Gov't Forestry Policy

CHILLIWACK (CP)—A statement of "grave doubts" concerning the provincial government's forestry policy was made here Monday at a public hearing into timber development of the Fraser Canyon.

J. G. Johnson, Vancouver consulting engineer, presented a brief expressing doubts as to government policy "and to the awarding of forest management licences to any private corporation, company or individual for Crown timber accessible to small operators."

Mr. Johnson was representing Yukon Lumber Co. and Pine Lake Timber at the hearing, presided over by the government's chief forestry adviser, Gordon Sloan. It is being held to determine whether the canyon forest district should be worked by a public working circle or placed under the forest licence system.

Mr. Johnson's brief said that owing to difficulty in obtaining a timber sale and concern over its unavailability "because it lay within the boundaries of an existing F.M.L., the firms had submitted a forest licence application of their own."

They had done so "purely for the purpose of self-protection and in the hope that the conflict of applications might result in a public hearing."

The brief said large companies have asked for management licences on the basis of their large investment in an area so shouldn't the small operator whose very survival and livelihood depends on forestry, "a yardstick of dollars should not determine disposition of forest resources."

Valley Man Shares In Mining Millions

INDIAN IS CLASS VALEDICTORIAN

Pentiction High School student Bill Green is thought to be the first Indian ever chosen as class valedictorian at a Canadian school. He is seen here being congratulated on the honor by charming classmates, left to right, Jean Gavne, Menzie Semadeni, Ethel Sunderman and Virginia Tabata. A member of the Tsimspean Tribe of Port Simpson, B.C., Bill also has another claim to fame—he is the first Indian ever to graduate from Pentiction High School.

His ambition is to be a minister and he hopes to enter UBC for seven years of theological studies. While studying in Pentiction for the past four years he has been living at the United Church's Leadership Training School, Naramata.

Douks Complain of Poor Food, Beatings at School

NELSON (CP)—A complaint that Sons of Freedom Doukhobor children at nearby New Denver dormitory school are getting poor food and unreasonable punishment has been sent to the provincial government by a group of Doukhobite mothers.

A lengthy telegram to W. Sanderman of the B.C. Social Welfare Department said that "po-tatoes are black when they are served to the children." It also alleged a gymnasium instructor had beaten a child with a board containing nails.

The telegram urged better food and suppression of beatings.

Authorities at the school denied that food was poor or insufficient. They said it is brought in daily from Nelson and the suggestion of black potatoes is "ridiculous."

Officials said children were punished if they misbehaved but "not as severely as in ordinary schools."

An official admitted one child had been beaten with a board.

City Council Pays Tribute to Rev. McGladdery

Pentiction city council is attending as a body funeral services this afternoon for Rev. Samuel McGladdery, widely respected Pentiction minister, who was killed in a car accident Saturday.

A letter of condolence is also being sent to Mr. McGladdery's family. "No one was more interested in the community," observed Ald. Elsie MacCleave in proposing the letter.

"His death was certainly a big blow to the community," agreed Mayor C. E. Oliver. "I don't know when we've had such a popular person. He will certainly be missed."

Ald. F. P. McPherson said council's attendance at the funeral would be "the least gesture we can make to the memory of a man who has contributed a great deal to the public life of Pentiction."

but said the boy had first hit the instructor on the back with a chair. He said the instructor took the board from the boy and spanked him with it, not noticing until later that it contained a nail.

The telegram urged better food and suppression of beatings.

Authorities at the school denied that food was poor or insufficient. They said it is brought in daily from Nelson and the suggestion of black potatoes is "ridiculous."

Officials said children were punished if they misbehaved but "not as severely as in ordinary schools."

An official admitted one child had been beaten with a board.

Cannon Shells Strike Houses

SHEBOYGAN FALLS, Wis. (AP)—Explosive cannon shells whipped out of the sky Monday night, pelting streets and striking at least three houses.

No one was injured, but residents of the area were warned to be on the lookout for any other shells which might be unexploded.

The blue-tipped projectiles were identified as shells from 20-millimetre cannon mounted on U.S. military aircraft.

TODAY'S BULLETINS

Promises Hot-Rodders Racing Strip

VANCOUVER (CP)—Highways Minister Phil Gaglardi promised British Columbia hot-rodgers Monday night he will help them build a new drag-racing strip. Speaking at the opening of the B.C. Custom Car Association's centennial motorama in the Pacific National Exhibition, he said, "maybe we can find a piece of Crown land somewhere." But he added, "We can't give financial aid. There are lots of government road building machines available, and I know a lot of people who may be prepared to help."

Batista Disregards Demands to Resign

HAVANA (AP)—Near paralysis hit many stores and businesses in this Cuban capital today in the wake of demands that President Batista quit to end bloodshed. Batista answered the demands by calling in his military and police chiefs to intensify plans for crushing any major rebel attempt to overthrow him.

Two Employees Capture Bank Robber

TORONTO (CP)—A suspected bank robber was captured today by two bank employees and two citizens while hundreds watched on crowded downtown Yonge Street. Police charged Kenneth Leishman, 26, with attempted armed robbery. They said he arrived by plane from Winnipeg at 3 a.m. today and registered at a fashionable apartment-hotel.

Fortune Left to Family

MONTREAL (CP)—The estate of Dr. James Thornburn Williamson—including a diamond mine and personal holdings—has been left to his family, it was learned today.

Dr. Williamson, a former Montrealer and geology graduate of McGill University, discovered his mine in East Africa in 1940 after years of searching. He died Jan. 8 leaving an estate valued at millions of dollars.

The terms of his will were made known by I. C. Chopra, of Tanganyika, Africa, former legal adviser to Dr. Williamson. Percy Williamson, of Kelowna, B.C.; two sisters, Mrs. Mary Miller of London, England, and Miss Matilda Williamson of St. Sauveur des Monts, Que. benefit.

Percy Williamson and his family are to occupy the doctor's house and his sisters are to live permanently at the mine, Mr. Chopra said.

The mine will not be sold, nor will any of its shares. It produces about \$12,000,000 worth of diamonds yearly.

No accurate estimate is available of Dr. Williamson's estate, Mr. Chopra said. It would be years before even the death duties could be calculated.

Board Seeks \$3,000 Grant From Council

Pentiction Board of Trade last night submitted its annual request for grant from city council, asking for \$3,000 or \$500 more than was forthcoming from the city last year.

The board's request noted that growing competition in luring tourists, a big part of the board's activities, demands greater efforts along this line in Pentiction, hence the need for increased revenue.

The request was referred to a committee meeting of council as a whole.

The board's letter reported a budget of \$12,300 planned for this year.

Also referred to committee was a request for a grant towards cost of printing another folder on Pentiction for promotion purposes. Cost would be \$2,150 plus taxes for 20,000 copies of a new color booklet or \$1,600 to reprint the same folder that was printed in 1956 of which supply has now been exhausted.

Fire Fighting Charge Levied By City Council

The contractor at the old cannery demolition project on Front Street was charged by city council last night with carelessness in allowing a rubbish fire to burn out of control yesterday morning.

Council agreed to levy a charge against the contractor for costs of keeping firemen at the scene to fight the blaze for some two and a half hours.

Ald. H. M. Geddes, fire department committee chairman, said the amount involved would be computed by the fire chief.

Council also noted there were a large number of garbage incinerators in city lanes, contrary to fire marshal's regulations. This was referred to the fire department committee for recommendation.

Rebels Recapture Oil Installations

SINGAPORE (AP)—Rebel Pa-lemans living in the northern province of Pakanbaru, site of the Caltex oil installations in central Sumatra, was recaptured by rebel forces today.

There was no confirmation of the rebel report from either the Indonesian government in Jakarta or revolutionary sources here.

The rebel broadcast said forces under Maj. Shazju Nurdin forced the Jakarta troops to flee or surrender. Arms and ammunition were captured, it said.

Jakarta forces invaded the Pakanbaru area with a parachute assault last Wednesday.

Earlier, the rebel radio said militant Achinese warriors had advanced southward toward Medan in northern Sumatra and clashed with government forces on the key port city's outskirts. The Achinese are Sumatran Moslems.

Prince Philip Uses Secret Landing Strip

LONDON (Reuters)—Prince Philip has—or had—a secret private landing strip at London Airport called "Base 94."

The secret was discovered following Philip's return Monday from a 10-day trip to Germany, where he visited Canadian forces.

He mystified reporters by flying in to London Airport in his Heron aircraft without being spotted.

She said she wants some children around home but not too many. "They are horrible as babies," Mrs. Winkley said. "I have had many a cry about them."

Institutions Losing Ground Says CCF

VICTORIA (CP)—British Columbia's mental institutions are "not turning out cures" but are "beginning to lose ground," the legislature was told Monday night.

Randolph Harding (CCF—Kaslo-Slocan), in accusing the government of staff cuts, asked provincial secretary Wesley Black how he expected to "keep up the efficiency of the institutions when you have more patients and less staff."

The claims were made during the debate on estimated expenditures for Mr. Black's department in the coming fiscal year. His \$15,000,000-plus estimate was approved after about three hours. The \$78,000 budget for the municipal affairs department, also under his control, was approved in less than an hour.

Today the new public schools are not due for second reading. A \$43,658,000 vote in the education department was held over last week to give members a chance to study the revised school financing formula contained in the act.

Mr. Harding Monday night accused the government of knowing before the last fiscal year started that more than 200 persons allowed for in the budget would not be hired during the year in mental institutions.

Mr. Black answered that efficient people to staff the hospitals could not be found.

He said: "I'm not interested in bodies—I'm interested in skills." Nurses were hard to find, he said, even though monies were provided and excellent rooms available at \$5 a month.

Gordon Dowling (CCF—Burnaby) claimed, however, that

low wages were holding mental hospital staffs down in B.C.

Mr. Black claimed Social Credit had to "pick up the backlog of procrastination" of other administrations in the mental health field when they took office. On Woodlands School for mentally retarded children, he said there definitely were empty beds in the institution and would "continue to be empty beds until such time as we can recruit sufficient trained staff."

UNEMPLOYMENT RISE

Pace Slows Down

OTTAWA (CP)—Canada's jobless numbered 555,000 at mid-February, the government reported today, indicating a sharp slowdown in the rise of unemployment during the last month.

The figure showed an increase of 35,000 over the 520,000 at mid-January, against an increase of 134,000 between December and January.

Like its January predecessor the February figure outstripped any unemployment estimates since the depression years, when Canada had considerably smaller population and working force.

Along with the 555,000 estimate of persons without jobs and looking for work in the week ended Feb. 15—made by the bureau of statistics—the bureau also reported that 36,000 persons with jobs were on temporary layoff for that full week.

This was down from 50,000 of the month before. **SLOWER JOB DECLINE**

The bureau, in its monthly sample of 30,000 households, also estimated that persons with jobs at mid-February totalled 5,314,000 compared with 5,371,000 at the same time in January and 5,580,000 in December.

The figures thus indicated that the rate of decline in employment over the two months was slowing in pace with the retarding of the unemployment rise.

The 5,314,000 February figure compared with 5,362,000 in February, 1957.

The unemployment figure of 555,000 for mid-February compared with 523,000 for February, 1957.

The unemployment figures also compare with 401,000 in March, 1955, which was the post-war high before the onset of heavier-than-normal unemployment in winter.

NEW RECORD
With the bureau's estimates of jobs, the government also announced that at Feb. 13 there were 854,257 persons registered for work with National Employment Service, highest number since the service was created in 1940.

Employment service figures do not indicate absolute unemployment. They inevitably contain an unknown proportion of those seeking to shift from one job to another, or who have found work after registering.

Between December and February, these figures also showed a slower pace in their rise. The mid-January total was 816,982 and that of December 574,691.

Registration figures for all regions were up between January and February except for the Pacific region, where there was a slight drop.

Today's bureau report showed the labor force at 6,869,000, compared with 5,891,000 in mid-January and with 5,685,000 in February, 1957.

CRUISE TAKES CANADIAN WARSHIPS TO ORIENT

HMCS Cayuga (background) begins the departure of the second Canadian Escort squadron from Yokosuka, Japan, after a visit made during the current training cruise from Esquimalt, B.C., to the Orient. Other ports of call for the five escorts

include five Pearl Harbor, Tokyo, Hong Kong, Saigon and Okinawa. In the foreground, preparing to slip, are the new Skeena, Fraser and Margaree. The modernized destroyer escort Crescent is at right rear.

End 'Bad Dream' of Tory Gov't—Pearson

By HAROLD MORRISON
Canadian Press Staff Writer
RIMOUSKI, Que. (CP)—Lester B. Pearson heads back to Ontario today for the final phase of

Salmon Tunnels Promise Bonanza For Fishermen

PORT ALBERNI, B.C. (CP)—Tunnels built for salmon at Stamp Falls near here promise a bonanza for fishermen in future.

For many years roaring Stamp Falls has been a death trap for spawning salmon. In 1927 a fish-ladder was installed, but it solved only half the problem as fish were unable to navigate the gorge during high water.

Then, in 1954, contractors started work on two tunnels 160 feet long, 25 feet high and eight feet wide, hewn out of solid rock.

Now salmon are able to bypass the gorge during high water by using the first, or downstream, tunnel, then, through a cofferdam into the second, and thence direct to their spawning grounds.

Fishermen are eagerly looking forward to the time when the 1955 family returns to the Alberni River. They recall the Fraser River's 1954 catch when results of Hell's Gate Fishway created a bumper harvest.

this cross-country campaigning after ending Quebec to vote Liberal March 31 and end the "bad dream" of Progressive Conservative government.

"On March 31, millions of Liberals will be on parade," the Liberal leader said Monday night as he spoke before an overflow crowd of some 1,500 in a local community hall.

"They shall fight an unemployment situation which is increasing. From one ocean to the other, Canadians will ratify the non-confident vote the Conservatives called upon themselves when they abandoned ship during the first storm."

Mr. Pearson made stops here and at nearby Mont Joli Monday before heading for Ottawa for a national television broadcast tonight.

SEEKS QUEBEC STRENGTH
At Mont Joli, he said party reports strongly indicate the Liberals will hold their present strength in this province. The best the Conservatives had hope for "is a stalemate."

"If the general public begins to realize this, people will swing to the Liberals."

In the last Parliament, the Liberals held 64 of Quebec's 75 seats. The Conservatives had nine and independents, two. At the evening rally here, the Liberal leader pledged to expand rail, air and water transportation

for the Gaspé area, including the building of a rail branch from Matane to Ste. Anne des Monts, a distance of about 60 miles.

Prime Minister Diefenbaker had said he would give the rail branch project serious consideration but a Liberal government would go ahead and do it, said Mr. Pearson.

CONTINUE SOIL STUDY
Mr. Pearson said he wanted to carry on the work of former prime minister Louis St. Laurent who had initiated a Senate study of land reform.

"This problem of our poor soils shall remain always one of my first preoccupations. It is not a question of a few acres of land in the ranges of your countries. It is the question of men, women and children—our fellow citizens—who also have a right to human dignity and to a life of hope."

Mr. Pearson spoke in both French and English. The crowd cheered lustily for him, singing "Il a gagné ses Épaulettes" and other songs.

He asked voters to compare the Liberal proposals of expanded trade and tax reductions against the Conservative program of works. He said Mr. Diefenbaker talked of taking away \$600,000,000 worth of trade from the United States and handing it to Britain.

"You don't get any richer by taking money out of one pocket and putting it into another," he said as his audience laughed. "You get richer by putting money in both pockets."

Aid Pours in For Destitute Indian Family

CALGARY (CP)—Alberta officials of the Indian affairs department said Monday night they plan to take action to alleviate the plight of an Indian family of nine living in an 8-by-10-foot canvas tent near Cochrane, 17 miles west of Calgary.

The George Gerioux family, enfranchised Indians, left their reservation four years ago, taking their treaty money for the next 20 years. The treaty money amounts to \$5 per capita annually. Now George is without a job and a new baby is expected next month.

Mr. Gerioux would like to get back on the reservation and has promised to pay back every cent of the treaty money.

But a Calgary spokesman of the Indian affairs branch said Monday it is impossible under provisions of the present Indian Act.

"They could not be allowed back on the reserve to establish residence. That is a point we have to fight all the time. The municipalities are just looking for an excuse to establish somebody on the reserve, be it a half-breed or anybody."

Scores 'Deliberate Unemployment'

TORONTO (CP)—Social Credit Leader Solon Low was scheduled to move into Quebec today on his first Eastern Canada swing of the federal election campaign.

He was to speak at Hull, Que., tonight, moving into Ottawa the following day, then jumping west to Vancouver.

In a public meeting Monday night, Mr. Low said "deliberate unemployment" is being pursued in Canada as the only means of adjusting the economy and asked that his party be given the balance of power in Parliament to provide a brake and a spur to "old-line parties."

Mr. Low spoke following a private dinner for party workers. About 75 persons heard the address.

Mr. Low said Social Credit monetary reforms are the "only answer" to what he called "deliberate unemployment."

BLAMES TIGHT MONEY
He quoted the 1956 Bank of Canada report by James Coyne as saying that periods of unemployment "always follow the periods of boom."

The answer of the Liberal and Progressive Conservative parties to threats of inflation, he said, was a "tight money" policy which "dried up borrowing power and created widespread unemployment."

With the other three main political parties in Canada inclined to socialism, Mr. Low said, Social Credit should be given the balance of power in Parliament to preserve the rights of free enterprise.

"It is needless for me to say that we do not hope to win a government at this time," Mr. Low said.

What he does hope for, in "the slowest election I've ever seen," is to retain the seats his party holds in British Columbia and Alberta and to pick up such as Athabasca, the last Liberal seat in Alberta; Edmonton West; and Coast-Capilano, held by former fisheries minister James Sinclair for the Liberals.

SEES LITTLE INTEREST
"In Saskatchewan, they tell me, Moose Mountain may go Social Credit," Mr. Low said in a press conference prior to the meeting. "And we think we can put down Jimmy Gardiner."

Moose Mountain was held in the last election by E. G. McCullough of the CCF. James Gardiner, former Liberal agriculture minister, holds the Melville seat.

He said the current electioneering has stirred little enthusiasm through Western Canada. "There is no spirit in the ranks of the Liberals."

Progressive Conservatives are trying to hide their "identity as

feels his party's hopes have never been better and he was anxious to stay in the struggle.

Mr. Caldwell is a veteran of federal political wars. He first entered the Commons in the 1935 election, representing the Saskatchewan constituency of Rose-town - Biggar. He has held the seat through five other elections.

He was to have spoken tonight in Montreal and to have moved into Ontario Wednesday for speeches in Hamilton and Welland. It was to have been his first main tour of the central provinces in this campaign.

KNOWLES SUBSTITUTES
In Montreal, a spokesman for the Social Democratic party, the CCF's Quebec wing, said Deputy Leader Stanley Knowles would substitute for Mr. Caldwell at the meeting there tonight.

Mr. Caldwell issued a statement about his condition: "I am very sorry that on the advice of my doctor, I've had to cancel my meetings in Montreal, Hamilton and Welland, Ont., this week."

"Naturally, I regret this very much as I have been encouraged by the response in this election campaign and I have been anxious to participate to the fullest extent in it."

"I am sure, however, that satisfactory arrangements will be made so that the campaign can go forward unhindered and I hope to be resuming my part in the campaign at the beginning of next week."

THRILL SLAYER

"Thrill slayer" Nathan Leopold, enjoys a new world of freedom as he strolls through a Chicago park with his attorney, Elmer Getz, at left. After a third of a century behind prison bars at the Stateville penitentiary, Statesville, Ill., for the murder of 14-year-old Bobby Franks in 1924, Leopold was freed on parole. Now 53, he plans to fly to Puerto Rico where he will work as a \$10-a-month laboratory technician in a mission hospital.

MEXICAN SHORES
Mexico has a coastline of 4,430 miles on the Pacific and 1,170 miles on the Gulf of Mexico and the Caribbean.

U.S. Plans More Outer Space Craft

CAPE CANAVERAL, Fla. (AP)—Two American "moons" whizzed around the earth today in company with Russia's second Sputnik satellite, as the United States continued to press on with programs to launch additional space craft.

The navy Vanguard satellite was launched early Monday into an orbit that pushed new frontiers out into the unknown.

The announced orbit ranged from 400 miles above the earth to a peak of 2,500 miles, the highest yet attained by a man-made satellite.

The Vanguard effort represented not one but two satellites.

ROCKET IN ORBIT
Its true artificial moon is a shiny aluminum sphere only 6.4 inches in diameter and weighing 3 1/2 pounds, but somewhere close behind it in an 18,000-mile-an-hour orbit is the 50-pound, five-foot long third-stage rocket that pushed Vanguard to orbital speed.

The navy estimates that the sphere will stay in orbit five to 10 years. The dead rocket in its wake will have a much shorter ride.

Some officials of Martin Company, which built the Vanguard test rockets, suggest that the orbit peak may be considerably above the 2,500 miles officially accorded it, possibly to 4,000 miles or higher.

Dr. Milton Rosen, technical director of the Vanguard project for the U.S. Naval Research Laboratory, said the exact altitude attained by the new satellite will not be known until information re-

ceived from the sphere has been analyzed.

The U.S. Army launched its Explorer I satellite Jan. 31, and it is still in orbit. The cylinder is about seven feet long, six inches in diameter and weighs 30.8 pounds.

MAY TRY AGAIN
Army Secretary Wilber Brucker announced earlier that there may be another attempt to launch an army satellite within a week.

In Washington, Dr. John P. Hagen, director of project Vanguard, said the navy will try to launch six Vanguard rockets with 21-inch, 20 1/2-pound spheres.

Sputnik II, possibly 35 feet long and five feet in diameter, is expected to cease orbiting about April 17. It weighs 1,120 pounds.

Take a tip from me

There's only one way to get the things you want... and that's with cash. How do you get the cash? You open a Savings Account at Imperial Bank of Canada, and deposit regularly until you've saved enough to pay for what you want, at the regular retail price... and sometimes for less. While you are saving, Imperial Bank pays you interest and, because you are not involved with carrying charges, you also save money on your purchase. Take it from me, cash buying is the smarter way.

Remember—when you buy on time, you pay interest. When you save at Imperial, we pay you interest.

DIEFENBAKER ON THE MOVE

Tackles More Opponents' Area

By ALAN DONNELLY
Canadian Press Staff Writer

SELKIRK, Man. (CP)—Prime Minister Diefenbaker again moves into political territory held for years by other parties as his election campaign swings today from the Prairies into Northern Ontario.

The Progressive Conservative leader, who said Monday night his party has lit "a prairie fire" in Canadian politics, sought new support Monday in three Manitoba constituencies and appears today in the same number in Ontario.

None of the six has elected a Conservative more recently than the 1930 election.

CITIES POLI. FIGURES
But Mr. Diefenbaker claimed a bright future for his party in the March 31 vote as he emphasized Conservative support in Quebec at 48 per cent compared with 45 per cent for the Liberals.

Opinion (Gallup Poll). "Never before has there been anything like it," he said at Dauphin in an audience of some 3,500, largest afternoon crowd so far in his campaign.

He said figures from the report show Conservatives leading in public support in all four major areas of Canada, with an overall lead of 56 to 32 per cent over the Liberals.

At a morning reception at St. Boniface, a predominantly French-speaking city adjoining Winnipeg, he said the poll shows Conservative support in Quebec at 48 per cent compared with 45 per cent for the Liberals.

Some 500 persons turned out to shake hands with the prime minister at a morning reception in St. Boniface. For the evening meeting in this town of 7,400 population, some 900 persons jammed into a small community hall while loudspeakers carried his words to an overflow audience

in an adjoining 1,800-seat arena, first 15 minutes of his speech, which party officials said was filled.

He centred his speech here on the Conservative platform of national development, which he said would "reserve to Canadians control over their own economic destiny."

PROMISES TAX CHANGES
He promised tax changes to give Canadians equal opportunities with foreign investors in developing natural resources.

United States oil companies operating in Canada received special treatment under U.S. tax laws which was not available to Canadian firms.

And to help small businesses, the government would set up a special branch to help small firms obtain a full share of government contracts and financial aid to expand.

Mr. Diefenbaker was interrupted five times by hecklers in the

audience. He described the election pledges of Liberal Leader Lester B. Pearson as "things he and his colleagues voted against in the last three or four years in the House of Commons."

CCF criticism of his government's farm price supports legislation was brushed off with the comment: "Do you think the CCF is going to say it's good legislation? They wouldn't elect anyone if they did."

1958 PEACH QUEEN CANDIDATES

From these nine Pentiction beauties will be chosen a queen, Val Vedette XI, and two princesses who will reign when Peach Festival time comes around this summer. Candidates are from

left, top row, Kris Tillberg, Sharon Vagg, Rose Marie Crowe; middle row, Maureen Pritchard, Barbara Clue, Marlene Reading; bottom row, Myrtle Gilling, Gail Colombe, Luba Lapshinoff.

COURT PARADE

\$500 Bail Ordered

Bail of \$500 was set by Magistrate H. J. Jennings when Robert Ogilvie Melville, Carmi Road, Pentiction, appeared in a police court Monday on an impaired driving charge.

After Melville pleaded not guilty the case was adjourned for a week.

Melville is lodged in the police cells pending arrangement of his surety.

At the same court Melville was fined \$50 and \$4.50 costs, or one month's imprisonment, after pleading guilty to driving while his licence was suspended.

Evidence was given that Melville's suspension for an offence committed in Vernon was discovered after RCMP stopped him when driving on Main Street at four o'clock Sunday morning.

Hearing of a case in which a city man, Richard Lynn Fletcher, is charged with impaired driving on Shingle Creek Road, was adjourned by Magistrate Jennings till March 25.

Fletcher was released on \$500 bail.

A recent arrival in Pentiction, Jerry Krawec was fined \$20 and \$4 costs after admitting that he exceeded the speed limit in a 40 m.p.h. zone on Highway 97.

Opening the left-hand door of his car into oncoming traffic cost William James Bibby, a city man, \$10 and \$3 costs—and a new car door.

Court was told that when Bibby

COUNCIL BRIEFS

GETTING MORE HELP
Pentiction city council last night adopted a recommendation of the finance and administration committee to hire "an additional employee" on city hall staff for the next six months. This is to take care of holiday replacements

Curb and Gutter Planned on Ellis
A new curb and gutter is to be installed along the west side of Ellis Street between Wade Avenue and the bridge, Pentiction city council agreed last night.

The curb and gutter will be about 11 feet from existing property lines so as to provide a good two-lane traffic street of 44 feet pavement width.

Possibility of acquiring some property from the lot at the Ellis-Wade corner to permit aligning of the new curb north of Wade with that south of Wade, is to be investigated.

In other board of works matters, council has sold its gravel elevator to City Gravel Supplies for \$700. Bids previously submitted by this firm and Kenyon & Co. were considered too low and new bids were asked from each. Kenyon's new offer was \$610.

Quotations from Valley Motors for two new light-delivery trucks, less trade-in on older city vehicles were accepted, being the lowest of several received.

It was decided that no purchase of a four-wheel drive truck would be made at this time. Instead tenders are being called for another new light-delivery.

and help to catch up on a large accumulation of work.

ON CITY PROPERTY
Council was advised that John Martin, owner of Lots 1, 2 and 3, Van Horne Street, was using the adjoining city-owned Lot 4 as a yard. The land sales committee was asked to bring in a recommendation on selling or leasing the property to Mr. Martin.

NATIONAL CONVENTION
Whether Pentiction should be represented at "the elite of municipal conventions" in Victoria, June 1-4, when the annual convention of the Federation of Mayors and Municipalities will be held, was tabled a week for further consideration.

LEAVE EXTENDED
Request of E. G. Miles, arena ice man, for extension of his current leave of absence due to illness until April 18, was granted.

TICKETS FOR COUNCIL
Council members received complimentary tickets from the Glenarry Figure Skating Club for the annual ice carnival at the arena this weekend.

CREEK WATER USE
Domestic water supply from Ellis Creek, proposed by council, is to be discussed at a meeting between representatives of council's irrigation committee and the Agricultural Ratepayers' Irrigation commission. The meeting was requested by a meeting of growers on the Ellis irrigation system.

Harkness Sure of Future for Fruit

Cheer up, fruit growers! There is a future for the industry in the opinion of Agriculture Minister Douglas Harkness. The minister voiced his optimism in an interview during the weekend.

Asked if there was any future in the Okanagan fruit industry or would farmers be wise to quit, Mr. Harkness, a World War II soldier, grinned.

"That's a loaded question," he said, "but if you want the opinion of a layman I'll say there is certainly a future for the fruit industry here because this is one of the best growing areas in Canada."

"I'm by no means an expert in the fruit business but there's undoubtedly going to be a constant demand for fruit in this country."

CITY & DISTRICT

Tuesday, March 18, 1958 THE PENTICTON HERALD 3

Ban on Unsightly Building Mooted

Pentiction city council is considering some form of ban on unsightly construction in the city.

Received for study at last night's council meeting was a suggestion from Ald. Elsie MacCleave that all plans for new buildings or additions to present structures should be subject to approval by a technical building group before construction begins.

"This is standard practice in many of our more progressive centres," Ald. MacCleave said. "I'm wondering if the time has not come for our city to be more progressive too. If we are ever to have a city beautiful, now is the time to start."

She added that unsightly structures "can affect the property values of an entire street," adding that she had no particular building in mind.

Rest of council thought the idea a good one but expressed some reservations against "interfering with the rights of individuals."

Chronic Hospital Financing Dropped

Plans for construction of a private chronic-care hospital in Pentiction have collapsed for the time being at least.

R. E. Ginnell, of Vancouver, who was the proponent of the project, told city council in a letter last night that the financial backing he was promised, had been withdrawn.

His plans have not been completely abandoned, Mr. Ginnell said, but it might take considerable time to make new financial arrangements. He therefore released council from its undertakings in connection with city property just east of Pentiction chronic hospital where the chronic hospital was to have been located. Mr. Ginnell had an option on the site.

Council decided to return a deposit of \$500 which had been posted by Mr. Ginnell to guarantee payment of survey costs involved. The survey had not been started.

Council is advising Mr. Ginnell that it will still be interested in his undertaking the project at a later date, providing someone else doesn't come to council with a similar proposal in the meantime.

Building Boom At Osoyoos
Six building permits including two commercial structures were approved by the village commission here recently. The permits totaled a value of \$26,500.

One of the commercial permits was for alteration and construction of a garage and showroom of a local firm which has been awarded an agency by General Motors Company of Canada.

Osoyoos has been enjoying the greatest building boom since 1947, when the major part of the village was built.

Grave Digging Fees Boosted

An increase in grave-digging charges at Lakeview Cemetery was adopted by Pentiction city council last night, on recommendation of its parks committee.

The new scale of charges, with the old fees in brackets, is: Adults, \$25 (\$18); adults, extra deep, \$33 (\$24); children (under two and a half-foot box, \$5 (\$3); children over two and a half-foot box, \$11 (\$8); extra charges for Saturdays, Sundays and statutory holidays, \$20 (\$10); non-resident and non-landowner, \$30 (\$20).

It was explained that this scale of fees had not been revised for some time and the city had been losing money now, under the old scale.

Firm Wants To Establish Trailer Park

El Rancho Motel Holdings Ltd., planning construction of 11 more units at its El Rancho Motel, Westminster Avenue West, asked permission of city council last night to install a trailer park on the westerly 110 feet of its property.

Council referred the request to the advisory planning commission for recommendation.

Cecil Sharpe, representing the firm, explained that the westerly portion of the property was not needed for motels at this time but there was a definite need for more trailer park space.

Mr. Sharpe said a drive-in coffee shop and restaurant is to be constructed along with the 11 new motel cabins.

51-Year Summerland Resident Dies at 75

SUMMERLAND—A resident of Summerland for the past 51 years, Harry Clement Howis, 75, died in Vancouver Sunday following an operation in Shaughnessy Military Hospital.

The late Mr. Howis was born in Herefordshire, England, in 1883, coming to Canada in 1903. He lived at the Coldstream Ranch in Vernon until 1907 when he came to Summerland taking charge of the Angus and Sir Herbert Holt holdings in Prairie Valley.

In 1915 he joined the 54th Regiment and served in France. He was wounded at Vimy and convalesced in England, returning to this country in 1919, and farming on the KVR Road until 1930 when he became a fruit inspector. In 1940 he joined the B.C. Dragons

returning to civilian life in 1945 and continuing as a fruit inspector until his retirement.

Mr. Howis was a keen sportsman and played hockey at one time for a Summerland team. He was also active in badminton and tennis circles.

He was known too for principal parts in the Singers' and Players' Club productions. Three years ago he played the Mikado in the light opera of that name.

Active in the work of the Canadian Legion, he was a past president of Summerland Branch No. 22, and at the time of his death was chairman of the South Okanagan-Similkameen zone.

Funeral services will be held tomorrow at 2 p.m. from St. Stephen's Anglican church, Rev. A. A. T. Northrup officiating with Canadian Legion members attending. Interment will be made in the Anglican cemetery.

Surviving are his wife, Nora; one daughter, Mrs. R. A. Fredrickson of Summerland; and one son, Gerry, a recreational director with the RCAF at Comox; and relatives in England.

Park Offered as Site for School

Use of the northeast corner of Kiwanis Park on Edmonton Avenue as a site for a permanent school for the mentally handicapped in Pentiction, was approved in principle by city council last night on recommendation of its parks committee.

The local society for the mentally retarded is asked, however, to produce a letter showing that the school would not meet with objections from the surrounding area. Plan of location of the proposed school must also be submitted for council approval.

Site offered is an area of 100 feet by 45 feet at the northeast corner of the park. Rental would be \$1 per year with the terms of the lease to be arranged later.

ARENA RENTALS
Parks committee recommendations on rentals to be charged for use of the Memorial Arena for a number of forthcoming events, were also adopted.

1958 School Budget Held Up

Pentiction board of school trustees advised city council in a letter last night that the statutory deadline for submission of the 1958 school budget to council, could not be met because of government delay in setting forth its contributions and uncertainty on other matters.

The deadline by provincial law for submission of the budget was yesterday.

Ald. P. F. Erout explained that the government's grant for teachers' salaries has not been clarified yet and the trustees have not been advised what amounts will be allowed for capital, operating and some other accounts.

\$1,800 to Remedy Runoff Problem

City of Pentiction will spend about \$1,800 to remedy an irrigation run-off problem on the J. B. Clarke property at Skaha Lake, under threat of legal action for failure to do so.

A new 12-inch pipe is to be installed for about 200 feet through the property, a concrete intake provided, part of the stream bed below the pipe concrete-reinforced, and the spillway rebuilt. Included in the costs is \$500 for a 10-foot easement from Lakeside Road to the irrigation flume where the surplus line connects carrying surplus irrigation water into Skaha Lake. Also included are legal costs of \$100.

The pipe is to be extended an additional 50 feet through the F. Pruesse property.

VOTE THE PEARSON PLAN

for LOWER TAXES

- 25c off every Income Tax dollar, for most Canadians
- Double the tax exemption for newly married couples
- No more Excise Tax on cars
- Taxes for small businessmen cut in half

The Pearson Plan gives direct, IMMEDIATE action to boost buying power, restore confidence, increase jobs — to start B.C. and Canada humming again.

Tory promises to fight recession sound spectacular — but new public works will take months or years to get started. The Pearson Plan for tax cuts helps EVERYONE — not just the few. It leaves more money in YOUR pocket at once, through lowered Income Tax deductions.

This follows established Liberal policy of paying off debt when times are good (\$2,500,000,000 since the war) so that we can afford to budget for a deficit when business slows down as at present.

Vote for the positive, practical leadership Canada needs now! Vote the Pearson Plan and your Pearson Liberal Candidate!

A Man of Great Wealth

The Rev. Samuel McGladdery, who is being laid to rest here today in the aftermath of the accident that claimed his life at last week's close, was one of Penticton's wealthiest men.

Disclosure of this may be a surprise to those who did not know Mr. McGladdery personally. All others, who came to know and value him so highly, were aware of the riches he possessed and which he so generously shared with his fellows.

Mr. McGladdery's treasure was not to be computed in the figures of day-to-day commerce and finance. There is a wealth not measured in dollars. His fortune, and ours, was in the immeasurable ledger of his heart's warmth.

Such was this wealth of his that the

more he had, the more he shared. And the benefit from this treasury will long be with us.

In the comparatively few years in which he lived in Penticton, Mr. McGladdery seemed to touch countless lives, far beyond the boundaries of the church and denomination he served. He gave himself to everything in such a selfless and devoted purpose that his smile ranged throughout the entire community. And it will not soon be forgotten.

Penticton could ill afford to lose one of its richest men, who made us all the richer too. But we were indeed abundantly fortunate to have had him as our fellow citizen for the time that we did.

Social Credit, CCF Present Platforms

Editor's note: The following articles form part of the Herald's plan to present to the voting public the claims and promises of the various candidates seeking office in Ottawa. The Social Credit statement was cut slightly for space reasons, but the content remains as written by candidate Harry Carson. We hope to be able to publish the Conservative statement late this week.

CCF STATEMENT

By O. L. Jones

Unemployment and the plight of the fruit industry are the dominant issues in the Okanagan Valley at this time. The timber industry is also in a turmoil mainly due to the loss of markets. As for the men and women who are unemployed because of the depressed conditions in these industries, they think of little else other than how to live on the small income derived from unemployment insurance and hope that spring will bring new work before unemployment insurance comes to an end. No wonder they are worried and looking for a political party which will bring security into their lives. Many of those who voted Liberal at the last election are now beginning to realize that they voted against their own interests, with the result that many have promised to support the CCF because of its realistic approach to their problems.

"Fruit farmers, whose industry is the mainstay of the Okanagan Valley are very disturbed about the suggested return that they will receive for last year's crop.

It is too early yet to say what that will be, but all indications are that it will be below the cost of production.

The federal bill for agriculture, as brought down by the Conservative government will not solve the problems of the fruit industry and it gives no guarantee as to what the farmer will get for his produce, no guarantee that fruit will even come under the jurisdiction of the act.

World Peace is of national interest in this election. We in the CCF maintain that a continuous build-up of more and more devastating weapons can only lead to war. Peace can be attained by negotiation and a genuine desire to co-operate and to help other countries rather than to dominate them. All national interests should be directed towards peaceful settlement of world problems.

SOCIAL CREDIT

By HENRY CARSON

Basically, Social Credit believes that our financial system should be used for the service of humanity. To this end the financial policy would do the following:

(a) Maintain a balance between desired goods and services and the purchasing power in the hands of the people. This can be accomplished through existing means (The Bank of Canada) and a monetary commission.

(b) New money representing the growth of the Canadian economy should be created, as needed by the Bank of Canada for the Canadian treasury, and paid directly to the people through a

national dividend, or by means of a consumer's discount on retail sales.

(c) Inflation would be prevented by making chartered banks operate on a 100 per cent cash reserve, bringing this about as quickly as is possible with safety and stability. At the same time the general interest rate would be lowered, and a ceiling placed on interest charged by finance companies on small loans.

Taxation: Abolition of all discriminatory taxes; reduction of taxes to aid in reducing consumer prices. Effort will be to stimulate production and consumption.

A just sharing of available revenue, so all the Canadian people can be on a high standard, not just some of them. This will be distributed to rich and poor alike, with consideration given to the aged, the disabled veterans, the physically handicapped, and other unemployables.

Increased federal aid for education generally, and wider provision of university scholarships and aids.

Encouragement of free enterprise and investment; establishment of a continuing sound economy will assure this.

Establishment of a national fuel and energy policy, fair to all provinces, and particularly to the individual consumer, will be established. Setting up of a full research program for fuller development of Canadian resources as a whole.

EMPLOYMENT

Maintaining the national economic activity at a high level; (there is no unemployment in war time, and need be none in peace time either). To do this it would endeavor to provide the worker with:

A fair take-home pay—with full freedom for the individual.

Wise selective tax reductions and public investments to stimulate production and employment.

As an immediate start of solving lack of work, a large-scale federal building of internal and terminal storage facilities.

Setting up a universal transferable pension plan for all workers, under which you would not lose a pension when you changed employers.

SOCIAL SECURITY

Ensuring aging citizens and those requiring special assistance of a scale of pensions based on needs, and the ability of the national economy to meet such needs.

INTERNATIONAL TRADE

This should be based on a reciprocal and mutually beneficial exchange of goods between nations. Canada should accept currencies of other countries to pay for any favorable balance of trade that occurs with other nations, such currency to be available for purchase of goods or investments abroad.

AGRICULTURE

This industry requires special attention. To provide: Low-cost long-term credits to cover general farm requirements, plus basic cash advances against grain stored on farms.

A two-price system for sale of farm produce, with parity prices for those sold on the domestic market, and broad

An all-risk national crop insurance act.

Federal participation in dyking, drainage, irrigation and reclamation projects.

HOUSING

"A home for every family is our goal." To bring this about more money will be made available for home-building at lower rates, and smaller down-payments.

INTERNATIONAL AFFAIRS

Canada is in a strategic position to affect positively the destiny of the world. A full Christian democracy—that is freedom—so compelling that Canadians, living in security and ease will prove the superiority of their way of life over Communism—or any other "ism"—there may be. We believe that Canada's finest contribution to the peace of the world is to show that a free, honest, unselfish way of life is superior to any form of autocracy or totalitarianism of government.

NOBODY'S BABY NOW

INTERPRETING THE NEWS

Defence Pact Gets Wary Eye

By JOSEPH MACSWEEN

Canadian Press Staff Writer

Premier Felix Gaillard's proposal for a Western Mediterranean Defence Pact is getting a wary eye not only in North Africa but also in France.

The French premier's formula would link France, Italy, Spain, Tunisia and Morocco. Backed by Britain and the United States, it would have close relationships with NATO.

It would also embrace arrangements for exploiting Sahara oil and other minerals by France and Tunisia - Morocco, both of which won independence from France within the last three years. Presumably Spain and its Sahara possessions also would be involved in this.

Since Gaillard's plan omits Algeria, where Arabs are staging an increasingly desperate war against France, it is not surprising that it ran into immediate question by Arab Tunisia and Morocco.

ALGERIAN OBSTACLE

But the proposal also appears to be stirring up suspicions in French political circles, although it has been approved by the cabinet.

Gaillard's ideas have not yet been explained in detail and initial opposition certainly does not mean that his plan will be inevitably defeated at home.

It is clear, however, that he must be able to convince the National Assembly that the Mediterranean Pact would not be simply a wedge to allow "internationalization of the French-Algerian fight."

Powerful assembly figures, who seem to agree on little else, are stubbornly in agreement on one thing: Algeria is strictly a domestic French problem.

SPAIN APPROVES

It is probably unfortunate for Gaillard's hopes that his proposal comes as Harold Beely of Britain and Robert Murphy of the United States are hard on the job of "good offices" in France's other current dispute, with Tunisia. The French bombing of a Tunisian village caused a world-wide uproar.

The premier may hear charges that his plan was inspired by the Foreign Ministry. Already in Paris, there has been some grumbling that the Beely-Murphy mission is taking too long.

Spain, incidentally, is not only in favor of the pact but says that the formula was put forward years ago by Spain—as an obvious check on Communist influence in the Mediterranean area. Russia, not surprisingly, has denounced the idea.

On top of all this, Morocco's

King Mohammed V has called for a federation of Morocco, Tunisia and Algeria into a North African union.

This would be in the nature of a counter-weight to President Nasser's United Arab Republic, linking Egypt, Syria and Yemen. But its implications for France are more immediate. It attacks the contention that Algeria is French territory and demands the return of Saharan regions. And it includes pointed reference to the presence of French troops on Moroccan soil. Tunisia has already demanded evacuation of French troops.

EDITOR'S FORUM

MAJORITY FINE

(Montreal Gazette)

Juvenile delinquency is a major problem. There is no doubting that fact. But the majority of youth, by far, is well-balanced, worthy of the fullest confidence.

By publishing, promoting, recognizing the same values of most of Canada's youth, it is possible to counter-balance the lure to notoriety which influences other youngsters toward lawlessness and vandalism.

GAS EXPORTS

(The Printed Word)

Those who would export gas are interested in doing so for a profit. There is nothing wrong with that. But we must trade shrewdly, for there is much at stake and Canada's long-term interest may be better and more profitably served by keeping the natural gas supplies for Canada.

THE BACKWARD GLANCE

From the Files of Penticton Herald

50 YEARS AGO

Dr. R. B. White returned from Vernon on Wednesday.

J. P. McCuddy, of Fairview, was in Penticton on Thursday.

Over sixty names have already been obtained as members of the Penticton Civilian Rifle Association.

F. H. Latimer, C.E., inspected the work at the Ellis Creek reservoir this week. He reports work progressing favorably.

W. D. Lancaster is building an addition to his house on Fairview Avenue, East.

40 YEARS AGO

Mr. W. A. Wagenhauser has purchased the grocery stock and fixtures of W. R. King & Co., and these will be removed to the Penticton Department Stores.

Costs Forcing Freight Rates Said Unfortunate

MONTREAL (CP) — CPR Assistant Vice-President S. M. Gosage Monday said any costs forcing freight rates on Canada's railways are "unfortunate and a threat to the railway industry and its soundness."

His remarks were made as a three-man federal conciliation board resumed hearing testimony in the multi-million-dollar contract dispute between the major railway and 15 unions representing 130,000 non-operating railway workers.

'Cards Stacked' Against Boards Says Murison

VICTORIA (CP) — Reeve C. A. Murison of North Cowichan says the provincial government has reserved for itself the power to play "hands we win, tails you lose" with municipalities over school grants.

He made the comment following a meeting between Education Minister Leslie Peterson and representatives of the Union of B.C. Municipalities and the B.C. School Trustees Association.

Reeve Murison, president of the UBCM, led the delegation. Fellow delegates endorsed the statement he made following the meeting.

He said that in devising the new formula of contributions, "the government has not only made certain that the cards are stacked against the school boards and local governments, but it has reinforced its own hand, by keeping the joker—the hypothetical scale of teachers' salaries used by the government as a basis for contributions—up its sleeve."

Youths Face Murder Charge

SHELburne, N.S. (CP)—Two youths were charged with murder Monday a few hours after the body of Wilfred Crouse, 25-year-old Shelburne, was found in a wooded area near this town.

Charged were Robert Boudreau, 17, and Aubrey Eugene Blades, 18, both of Shelburne.

Four youths were found in Crouse's car after he disappeared. Police said the victim was beaten about the head.

Crouse, a geologist who became a travelling salesman a week ago, was last seen at a mining interests at Noranda, Que. He is survived by his wife and a seven-month-old daughter.

OTTAWA REPORT

Hidden Report Written Feb. '57

By PATRICK NICHOLSON
Special Correspondent to the Herald

OTTAWA—The former Liberal parent plants, are contributory factors. In January of this year, 520,000 needy Canadians. Its failure to meet the urgent needs of our old age pensioners was one vivid example. Another was its failure to heed the warnings of its advisers that there would be a serious unemployment problem this winter.

These warnings were contained in various reports made to the Liberal Cabinet by its economic advisers. One of these was the "hidden report," written in February, 1957, which Prime Minister Diefenbaker quoted with such devastating effect in Parliament, and of which a great deal has since been heard on the hustings.

Liberal spokesmen maintain that this report was an "on the one hand . . . but on the other hand" document, expressing favourable and unfavourable alternatives in the employment outlook. But that argument is a faulty alibi, because on balance the report painted a gloomy short-term picture, and subsequent history shows it to have been remarkably accurate in its forecasts.

There were also several other reports made to the Liberal Cabinet along the same warning lines, and their very number should have made the Cabinet take notice and take action.

For example, I can reveal that before the election last year the Liberal Cabinet received a confidential report on the unemployment outlook, which had been compiled in April. That specifically predicted that unemployment would start rising alarmingly actually during the summer, and indeed that as early as mid-August last year the number of jobless would be running 50 per cent higher than in the previous August.

RED FLAGS IGNORED
Events proved that to be an under-estimate. By mid-August, unemployment was 73 per cent up. But the rate of unemployment did not continue to increase proportionately through the depths of the winter, owing to the quick and effective counter-measures taken by the Conservative government.

It must have been discouraging to the hired help in the civil service, the highly-paid economists who spend all their working hours preparing such reports, to find that their wise advice was entirely ignored by their Liberal masters. It must have shattered their faith in those masters to hear ex-Fisheries Minister J. Sinclair, of Coast-Capilano, B.C., later declare in public: "Last June Canada stood at the very peak of her prosperity." But he omitted to add, as his colleagues omitted to admit or to prepare against at the time, that last June the Liberal Cabinet had already been warned that that "peak of prosperity" was doomed to suffer within two months the black eye of a 50 per cent jump in unemployment.

WHENCE UNEMPLOYMENT?

Our unemployment was partly imported and partly created by the Liberal policies. The recession in U.S.A., and retrenchment by Canadian subsidiaries of U.S.

BIBLE THOUGHT

KEEP IN TRIM

Fashions Demand Flexible Figure

By IDA JEAN KAIN

Designers have given the waistline the sack. So here's the important question: is your figure chemiseable?

At first blush, it might appear that the unfitted style is a cover-up for bulges. On the contrary, only the slim and lissome can wear the chemise with ease and dash.

It's always exciting to be able to wear a high-style fashion. Any trend that encourages us to exercise for more willowy lines is all to the good. Exercise movements which enhance flexibility help us to stay young and supple. Most of us do too few movements that bend the figure sideways, and as time goes by we become less flexible.

Here is a trio of easy stretches that anyone can do. First, stretch upwards. Position: Stand in good posture pulling up-and-in with girdle muscles. Have palms of hands on top of head, with fingers interlocked. Elbows should be in line with shoulders.

Movement: Turn palms upwards, an, keeping fingers interlocked, stretch arms overhead, with arms close to ears. Stretch tall, pulling from waistline area—hold for a few seconds. Relax, stretch and hold, 10 times.

Position: Standing, feet apart, arms arched overhead, head up. Grasp right wrist firmly with left hand.

Movement: Bend slowly toward left side, centering the pull through the mid-section, increasing the bend by pulling strongly with left hand. Repeat, bending to the right, and perform 8 to 12 count, slowly. All slimming bets are off if you don't pull snugly with the middle muscles and pull down and under snugly with the hip muscles as you bend.

Finish with this measured bend. Position: Stand with feet apart, right arm stretched up, left arm down at side. Pull up snugly with the girdle muscles and hold the up-pull.

Movement: Bend smoothly sideways, and, as you bend, slide left hand down the outside thighline, aiming to reach below the knee with fingertips. Do not strain. As you become more flexible, you will be able to bend with more ease, at which time you can hold the stretch-bend to a slow count of six. Change position of arms and bend to the reverse side. Repeat 6 to 8 times.

Exercises which increase flexibility not only help us to wear any style with ease, but, of real importance, help us to feel young and supple.

Some Tips to Make Odd Jobs Easier

By ELEANOR ROSS

The olive oil cruet is back in style, for the modern hostess likes to mix salad dressings at table.

Keeping the cruet clean is a simple chore, but it is important to do it often.

SUMMERLAND NEWS

Mr. and Mrs. Walter Rothwell accompanied by Mr. and Mrs. Henry Nuyens of Penticon left on Sunday for a four weeks' trip by car to Salt Lake City and the Grand Canyon. At San Antonio in Texas they will visit Mr. Rothwell's brother, Major Harold Leach, who is just back from three years in France with the American Army.

They will visit relatives in Cameron, Missouri. Mrs. Rothwell's former home, in Kansas City and at Eldon in the Ozark country.

Later they will go up to Wisconsin, the whole trip taking them into 15 states with plans to visit points of interest in each one.

Dr. and Mrs. H. R. McLarty who have been in Montreal for several months are expected home by May 1.

Mr. and Mrs. Douglas Campbell have returned from a trip to the coast.

Mr. and Mrs. Douglas Gow of West Vancouver are spending a few days' vacation with Mrs. Gow's parents, Magistrate and Mrs. R. A. Johnston.

GERMAN DIVISION

West Germany has a population of 53,500,000 compared to 18,000,000 in Communist East Germany.

Regular washings with warm water and a mild detergent, shaken into a froth, and rinsing it several times with clear water will keep it in good condition. Before it is allowed to dry out completely, two teaspoons of olive oil should be swished around inside the cruet to coat the surface and to remove any drops of water or the aftertaste of the detergent. To drain out properly, it should be turned upside down on a rack.

BETWEEN PAINT JOBS Olive oil is about the best thing going to keep small paint brushes clean and pliable between paint jobs. After washing the brushes clean in turpentine, dip them quickly in a small amount of olive oil and squeeze out the excess. Before the next painting, rinse brushes in hot water to remove oil and dry thoroughly.

Even the best housekeepers often forget the bookcase and its contents. Actually, books should be removed from the shelves and everything cleaned at least once every six months.

WASH SHELVES THOROUGHLY Give the shelves a good washing and let them dry thoroughly before replacing the books. Otherwise, the dampness will cover the books with mildew.

If this happens, go over the books, page by page, and wipe off each mildew spot with a clean dry cloth or tissue. Air the opened book in a dry, sunny spot.

Very bad mildewed spots should be treated with French chalk.

Give each spot a good sprinkling. Close the book and, a few days later, brush out the chalk.

Wipe dusty books carefully, wiping the page edges away from the binding to keep the dust out of the backbone space.

Store books carefully, especially if they have fine bindings. Be careful not to overcrowd them. Such books are best kept between book ends.

Women

Tuesday, March 18, 1958 THE PENTICON HERALD 5

AROUND TOWN

Many Will Attend Wedding at Coast

Many local residents are traveling to the coast this week to attend the wedding Saturday in Victoria of Miss Margaret Elaine Cooper and Arthur Sherman Finnis, both of Victoria. The principals-to-be are the daughter of Mrs. F. S. Cooper, Victoria, and the late Mr. Cooper, Gravelbourg, Saskatchewan, and the son of well-known Penticon residents, Mr. and Mrs. C. M. Finnis. Among those leaving later in the week will be David Stocks, who will be best man at the afternoon ceremony which will take place at St. Andrew's

Wesley Church; the parents of the groom-elect; Mrs. M. Lynds, Miss Pearl Brisbin and P. K. Simpson.

Mr. and Mrs. Joseph Kenville have returned to their home at Regina after visiting in this city with the former's sister, Mrs. Byron Sears, Mr. Sears and their aunt, Mrs. W. G. deSavigny.

Mrs. G. F. Guernsey, who has been residing at Valley View Lodge, is spending two months with Mrs. William Auty, 200 Abbott Street, prior to travelling to Victoria to make a summer visit with family and friends.

Penticonite Author Of WI Birthday Poem

Lines of verse written by a local resident, Mrs. Janet Anderson, in commemoration of the Penticon Women's Institute's birthday celebrations, were published on the first page of the February issue of the "News Letter," the official pamphlet distributed by the provincial WI. The poem was considerably shortened from the original which included the names of several who have been prominently associated with the local organization for many years.

WOMEN'S INSTITUTE BIRTHDAY PARTY

This is a birthday! Pause awhile! Salute the years gone by! The early, struggling, stumbling years

Of Canada's W. I. Struggle they did, our pioneers; And stumbled, the same as we; But they mothered healthy Institutes

As everyone will agree. Some of these women are with us now.

We honor them while we may; Links in that shining, endless chain

That binds us, how closely! today. Sing, then of young Canada

Sing of the early days; And the oldtime friends and neighbors!

Let this be a song of praise! Yet listen, you members present!

You are needed NOW, each one! Each one of you has an equal share

In getting our work well done. For we may not all be speakers; But we all can lend an EAR.

And who would be standing speaking, With nobody there to HEAR?

And though only one may be President, We all can cast our vote!

So, whoever may win the glory, WE chose her to steer the boat!

Let's offer our talents gladly! Do you bake? Do you paint? Do you sew?

Do you all can smile! Be a friend worth while In the friendliest club we know. This is a Birthday! Pause awhile! Look back, but look forward too!

And at every milestone let us wish Our Institutes strength anew! —MRS. JANET ANDERSON, Penticon Women's Institute.

Guide Association Elects Officers

Mrs. J. Blower was elected president of the Ladies' Auxiliary to the Guides and Brownies at the annual meeting on Thursday evening, with Mrs. Gordon Sanderson elected to the office of secretary-treasurer. Mrs. A. Ruffie and Mrs. Fred Tomlin, Jr., are acting on the transportation committee.

The annual tent and bake sale is to be held on April 11 in the United Church Hall and plans were discussed for this event. The mother and daughter banquet was postponed until the fall.

Mrs. A. Kopp addressed the meeting on the proposed campaign for Guides and Brownies and outlined the campaign for raising funds for the project.

Plans were made for the annual divisional meeting to be held in the Athletic Hall, Peachland, March 29.

A group of 13 Guides of the First Peachland Company enjoyed an invitational skating party arranged by the Summerland Company, on Friday evening in the arena. The First Penticon Company were also present. Mrs. O. A. Egley of Summerland gave the test for the skaters' badge.

Local Guides who passed the test were, Diane Ruffie, Frances MacNeill, Barbara Slamey and Sheila Miller.

After the skating, refreshments of cocoa and cookies were enjoyed by the party. Mrs. A. Kopp and Mrs. H. C. MacNeill accompanied the group from Peachland.

ANCIENT LAND

Archaeological records of earliest times in Egypt go back as far as 4,000 BC.

SUMMERLAND

Custodian Reviews Work of Library

Taking note of the provincial cultural activities' projects of furthering libraries and the fact that Summerland's Centennial program is a new building for the West Summerland branch of the Regional Library, Friday's WI meeting centred around library work.

Mrs. Jack Dunsdon, custodian at West Summerland, spoke informatively of early efforts to obtain good reading, and said that in 1915 small book centres were established in Oyama and Okanagan Centre, and that about the same time Lady Aberdeen who lived at the Coldstream Ranch at Vernon donated 550 books.

Dr. Helen Stewart came from the Fraser Valley as a member of the PLC to conduct a survey as to the best way of serving the Okanagan Valley, and it was decided that "union is strength" and the Union Library, later called Regional, was formed with a budget of \$11,500 raised by a 40 cents per capita grant.

The late W. R. Powell, then reeve of Summerland, was a representative taking a great interest in seeing the library venture well started. In September 1936 Reeve Powell opened the branch at West Summerland in a small building supplied by the school board on the school grounds, which has since been removed. There were 1,200 books on the shelves, a children's corner, and accommodation for games. The grounds were landscaped by the Horticultural Society, in memory of the late Dorothy Otley.

George King and William Foster assisted Miss Jean Munn, now Mrs. Steven Canning of Penticon, the first custodian, Mrs. Dunsdon said.

Later the library was moved to the old municipal office, and last year the circulation was over 25,000 volumes.

Mrs. Dunsdon told of the different types of books, the van service coming to change the books every three weeks, the request service, and the use of the library by many children. It was noted that Summerland

is served by two other branches, one at the lower town, and one in the Trout Creek area. In the former Mr. and Mrs. Frank Plunkett are in charge of the branch and in the latter, Mrs. Bob Alstead, who has taken over since Mrs. H. R. McLarty has been away, and help has been given by Mrs. G. C. Harper.

"The new branch now being erected will be a Centennial showplace," Mrs. Dunsdon continued, "a meeting place, and one with modern fittings. We hope to have proper reading space, increase the film service, and have art and photographic exhibitions in the new building."

Mrs. J. Y. Towgood gave an interesting book review on Bruce Hutchinson's "The Fraser." The book was chosen by the speaker since the river has had a great deal to do with the development of B.C. up and down its S-shaped length of 850 miles, and is said to have the largest source of potential usefulness of any river in North America.

Mrs. Aubrey Beggs, Mrs. George Smith and Mrs. Earl Edge attended representing a group of young women who are interested in starting a branch of the WI.

Decorations in a literary theme were made by Mrs. Myrtle Scott.

Rich Desserts to Make From Prunes

By ALICE DENHOFF

Do you serve prunes only as breakfast food?

Cooks who are in the know use the "black jewels of the fruit world" as an ingredient in many fine dishes.

Here, then, are two simple home-type desserts, both delectable and just right for now.

PRUNE WHIP To make a Prune Whip with Custard Sauce, drain juice from an 8-oz. jar of chopped prunes; set aside juice and prunes.

In the top of a double boiler, place 3 egg whites, 2/3 c. sugar, tsp. grated lemon rind, 1 tsp. lemon juice, 1/2 tsp. salt.

Cook over boiling water, beating constantly with a rotary beater until light and fluffy and mixture stands up in soft peaks (about 4 to 7 min.).

Remove from heat. Fold in the chopped prunes. Serve with custard sauce, mix 1/4 c. sugar, 2 tsp. cornstarch and 1/4 tsp. salt. Gradually add 2 c. milk.

Cook over hot water, stirring constantly until mixture is slightly thickened.

Beat 2 egg yolks. Add hot milk mixture. Cook over hot water, stirring constantly, until mixture thickens and coats spoon. Cool.

Add 1/4 tsp. vanilla extract and 1/4 tsp. almond extract. Serves 6 to 8.

PRUNE BETTY For a perfect Prune Betty to serve 6, melt 1/3 c. butter or margarine. Toss with 3 c. toasted bread cubes.

Combine 2 c. pitted, chopped cooked prunes, 1 c. canned apple slices, 1/2 c. firmly-packed brown sugar, 1/2 tsp. cinnamon, 1/4 c. prune juice from the jar of chopped prunes, few grains salt, tsp. prune juice and tsp. grated lemon rind.

Arrange in casserole in alternate layers, bread cubes and fruit mixture, ending with bread and 1/4 c. silvered toasted almonds.

Bake at 375°, 45 min. Serve hot with lemon sauce or whipped cream.

FASHIONABLE SPRING COAT

By VERA WINSTON

For travel, for spring, for plenty of faithful, fashionable service, we recommend the coat depicted here. It is of fine woolen in a bold black, white and gray plaid, is of three-quarter length and boxy to boot. The back is slightly co-cooned above the waist. Nice away-from-the-neck collar. The top is lined in bright red silk.

WIFE PRESERVERS

Make your own unique decal and border decorations for kitchen, closets, etc., by cutting up scraps of appropriate wallpaper.

SPORTS DIARY

There is a strong feeling in some quarters that this is the year that British Columbia will win its fifth Allan Cup. With 1958 being our province's centennial, it would seem at a most opportune time. We think that the Kelowna Packers are good enough and would like to go on record as saying, "God speed, Packers, we hope you go all the way."

Of course, we are supposing that the Packers can get by the Kamloops Chiefs. In view of the way the series has gone to date, this doesn't seem too much to suppose.

Should the Packers get by the Kamloops club, they will, in all probability beat the Kootenay and Prairie representatives to enter the Allan Cup final. With the final series being played in the west this year, they would stand a better-than-even chance of bringing the cup to the valley again.

This is a pretty picture indeed. Unfortunately, there is one sour note. Neither the Packers themselves, nor the club executive are noted for their gentlemanly conduct or sense of fair play. They are all much too quick to pass the blame to some other party when something goes amiss.

In the past few weeks, we have noticed that each time the Packers lose a game, it is not because they played poorly or because the coach made a mistake in strategy, but because the referee robbed them.

There is just one word for all this business of whether Mr. Hamilton is or isn't a good enough referee to handle the series between Kelowna and Kamloops or should I say the series between Jack O'Reilly and Kenny McKenzie. That word is garbage.

Of course, Hamilton is good enough. He proved that many times this winter. If he wasn't good enough, he wouldn't have lasted as long as he did.

Referees, all of them, miss calls; they are expected to miss a few. But if a club blames the officiating after each defeat, their argument holds less water each time they use it.

Kelowna players often resort to this type of game when calls go against them. We feel that a player might argue when he has a legitimate beef, but when we see it on almost every call, it makes us more than slightly ill.

Then we look in the paper and see that somebody doesn't want this referee and somebody else doesn't want that referee; it makes us think that the entire organization is comprised of "alibi licks."

We don't want that kind of an Allan Cup champion. This sort of petty quibbling has already given our league a black eye. If we win the title with these tactics, we shall be the laughing stock of the whole country.

Come on, Kelowna, get off that stuff. Go back to playing hockey the way we have seen you play in past years. You have talent, lots of it. If you play the way you can, I don't see anything between you and the Allan Cup.

On the other hand, if you continue as you have been doing, two things can happen. You can talk your way out of too many games to make the grade, or you can win a tainted championship.

Personally, I prefer the former.

SPOKANE LEADS 2-1

Warriors Blanked For Second Time

ROSSLAND, B.C. (CP) — Spokane Flyers erupted for four goals in the first period and went on to blank Rossland Warriors 5-0 in the third game of the Western International Hockey League finals here Monday night.

The victory gave the Flyers a 2-1 lead in the best-of-seven series and marked the second consecutive game they have whitewashed Rossland. They shut out the Warriors 6-0 Saturday night.

Brian Whittall, regular centre of the Flyers' second line, played pivot on the third line Monday and the combination accounted for four goals. Whittall, playing his second straight game between Buddy Bodman and John Zahara, scored once while Bod-

man collected two goals and Zahara one. Lloyd Maxfield notched the other Spokane counter.

After dominating play in the first period, Spokane was forced to scramble every inch of the way for the remaining 40 minutes as the Warriors buzzed around John Sofiak in the Flyer net.

Spokane counted a disputed goal in the third period, the goal judge being overruled by referee Bing Jukes on Maxfield's marker. This led to a show of displeasure by Rossland fans who littered the ice. It also brought about the first penalty of the bruising affair as Warriors' defenceman Yogi Kraiger was waved off the ice with a misconduct.

Toronto Gives Reay Vote of Confidence

TORONTO (CP)—Toronto Maple Leafs won't make coach Billy Reay a sacrificial goat for their terrible National Hockey League record this season.

They have threatened to trade any player except star goalie Frank Mahovlich to get what they want for the 1958-59 campaign. And a coach's job usually isn't too secure if his club loses 34 of 66 games. Reay's fault? No.

"We had the wrong line on a lot of hockey players," acting manager Stafford Smythe said Monday. "Under our old system the shortcomings of a lot of players were covered up. We were wrong in thinking we could rely on those players but we had to learn the hard way. We won't make the same mistakes again."

"We aren't contemplating any changes in the coach's position at the present time. Of course, a lot could happen between now and the start of next season. Reay is not under contract, so he is free to do what he wants."

WANT FARM CLUB

One thing Leafs want next season

Peterson Sent to Vancouver Mounties

SCOTTSDALE, Ariz. (AP) It looks like Buddy Peterson may be headed back to Vancouver.

The Baltimore Orioles checked with Commissioner Ford Frick's office Monday and received permission to have the 33-year-old shortstop work out with their Vancouver Mounties in the Pacific Coast League.

Vancouver manager Charley Metro has been anxious to get Peterson back. Peterson hit .298 there last year.

THE BIG GUNS WERE BOOMING

Penticton Juveniles had their big guns firing last night as they blasted Nanaimo Juvenile Clippers 10-3 in the first game of the two-game total-goal B.C. semi-final series. Second game goes at Memorial Arena tonight at 8 p.m. Winner of the series

advances to the provincial final against Trail next weekend. The three Penticton players shown above are, left to right, Reg Dunham, Larry Lund and Bill Allercott.

Locals Romp to 10-3 Triumph Over Nanaimo

Penticton's Juvenile hockey team took a long step forward in their quest for a provincial title at Memorial Arena last night by handing the Nanaimo Juvenile Clippers a 10-3 lacing in the first game of the two-game total-goal B.C. semi-final series.

Larry Lund, as usual, led the Penticton attack with three goals. Reg Dunham counted twice for the locals with singles going to Ken Cochrane, Allan Richards, Harley Hatfield, Larry Hale and Larry O'Connell.

The game, watched by 250 enthusiastic fans, was one of the best played on Penticton ice this season. The youngsters provided many thrills with their fast, clean, end-to-end style of play.

Action was much closer than the score would indicate. Territorial play was quite even with the difference in the game being the solid Penticton defence. The island team broke through over the blue line time after time only to have the defence thwart them. The local team held a 36-26 margin in shots on goal.

Penticton took a 3-1 first period lead, increased it to 6-2 after two and scored four times to Nanaimo's once in the final stanza.

Ken Cochrane opened the scoring in the first period rapping home a pass from John McLeod after McLeod had packed the puck into the Nanaimo zone. Lund made it 2-0 on a double re-

Habs Tom Johnson Out With Injury

MONTREAL (CP) — Defenceman Tom Johnson will be lost to Montreal Canadiens for at least two weeks and possibly longer, the club announced Monday.

Johnson suffered an injured right knee in Saturday's National Hockey League game against Chicago Black Hawks. The knee was put in a cast Monday for a week.

Johnson thus becomes a doubtful participant in any of the Stanley Cup semi-final games which start March 25.

British Athletes To Attend B.C. Centennial Games

LONDON (CP)—A team of four athletes headed by Derek Ibbotson, will represent Britain at the British Columbia centennial games at Vancouver next June, the British Amateur Athletic Board announced Monday.

Ibbotson, who holds the world record for the mile, will be accompanied by George Knight, Britain's fastest three-miler, and two middle-distance runners, Mike Farrell and John Wright.

St. Boniface leads best-of-seven final 4-3.

EXHIBITION BASEBALL

Weak Hitter Changes To Stronger Pitcher

By THE ASSOCIATED PRESS

Jack Littrell, who has played with 11 different baseball clubs in the minor and major leagues in 10 years, may be the latest to make the big switch from an infielder to a pitcher.

Littrell, no man to be feared by opposing pitchers as his .190 batting average in 61 games with Chicago Cubs last year will attest, won his second Cactus League decision Monday when the Cubs defeated Baltimore Orioles 5-3.

The 29-year-old native of Louisville, Ky., pitched two innings and was credited with the victory when Walt Moryn rapped a three-run homer with two out in the seventh inning. The game was limited to seven innings by agreement, since Cleveland Indians defeated San Francisco Giants

10-3 in the opener of the exhibition doubleheader.

ALLIANCE TWO HITS

Littrell allowed two hits and one run, but issued no walks. This was his second victory over Baltimore. On March 8 he worked two scoreless innings and the Cubs won 6-5 in 16 innings.

The 185-pound right-hander played four games with the Philadelphia Athletics in 1952, then went to Ottawa in the International League. He went back to Philadelphia and then moved with the As to Kansas City in 1955. Littrell played shortstop with Portland of the PCL in 1957 and part of last season.

Frank Thomas hit two homers for Pittsburgh but Chicago White Sox defeated the Pirates 7-4.

PHILLIES FOUND CARDS

Richie Ashburn hit a double

and three singles as Philadelphia Phillies pounded out 15 hits in a 6-2 decision over the St. Louis Cardinals. Jack Sanford hurled five scoreless innings for the Phils.

Cincinnati Redlegs downed Washington Senators 4-6 with Frank Robinson hitting two homers and driving in six runs.

New York Yankees rallied for a 15-8 victory over Milwaukee Braves as Mickey Mantle, Andy Carey and Hank Bauer hit homers. Wes Covington had a grand slam home run and Joe Adcock also had a round-tripper for Milwaukee.

Los Angeles Dodgers had to go 10 innings to squeeze out a 3-2 victory over Spokane, their PCL farm club. Felipe Montemayor produced the winning run with a sacrifice fly for the Dodgers, who got only four hits.

Chiefs Roar Back For 8-4 Victory

Leopold Scores Hat Trick To Pace Kamloops Attack

KAMLOOPS (CP)—Kamloops Chiefs, calling on a new-found power reserve, went on the warpath before 2,300 fans here Monday night to overwhelm Kelowna Packers 8-4 and remain in contention in the Okanagan Senior Hockey League finals.

The Packers now lead the best-of-seven series 3-2 with one game tied.

Chiefs were masters in the first period and most of the second and third frames. Rookie Ron Leopold led Chiefs with a hat trick while Gerry Prince, Dick Warwick, Buddy Evans and Alf Cadman picked up singles.

Packer markers were notched by Mike Durban, Moe Young, Brian Roche and Greg Jablonski. Nineteen minor penalties, 10 to Kamloops, were handed out in the bruising, wide-open game. Prince, Dick Warwick and

Buddy Evans fired three unanswered goals in the first period but Kelowna came back when Durban fired home at 5:01 of the second.

Leopold scored seconds later and was followed in less than a minute by Prince's winning goal. Young got Kelowna's second and Roche made the score 5-3 before Leopold got his second and the last goal of the sandwich session.

Leopold completed his hat trick at the 16:42-mark of the third with Jablonski answering the minutes later. Cadman ended the scoring with 58 seconds left, firing a blazer from about eight feet out.

Kamloops outshot Kelowna 47 to 44.

WREN BLAIR

Wren Blair is unhappy again. The expressive features of the little man who piloted Canada to the world hockey title a week ago bore no trace of championship glow Monday night as his Whitty team took a 6-2 beating from the Wembley Lions.

Local Figure Skaters Pass Dance Tests

Following are the results of the skating dance tests held in Penticton last week.

Members of the Glangarry Figure Skating Club and the Summerland Skating Club took part.

Judges were Mrs. J. Patterson, Mr. and Mrs. N. Vander Vliet of Kelowna, Mrs. P. Warr, Mr. Keys of Summerland, Bruce Barritt, Raymond Troyer and Vernon Hart.

Dutch Waltz: passed—Raymond Troyer, Bruce Barritt, Vernon Hart, Harley Andrew, Sally Warr, Linda Leslie, Elaine Donald, Sharon Southworth, Bonnie Fuoco, Gail Flittion, Jan Stapleton, Marilyn Dudek, Meredith Stapleton, Dale Hutchinson, Kim Cullen, Lorna Luttin, Shirley Sharen, Leonard Keir and Pamela Wyles.

Canasta Tango: passed—Raymond Troyer, Bruce Barritt, Vernon Hart, Harley Andrew, Sally Warr, Linda Leslie, Elaine Donald, Sharon Southworth, Bonnie Fuoco, Gail Flittion, Meredith Stapleton, Brenda Barritt, Lorna Luttin and Leonard Keir.

Swing Dance: passed—Raymond Troyer, Bruce Barritt, Vernon Hart, Sally Warr, Linda Leslie, Elaine Donald, Sharon Southworth, Bonnie Fuoco, Gail Flittion, Jan Stapleton, Marilyn Dudek, Meredith Stapleton, Vivian Halbauer, Dale Hutchinson, Rita Keir and Leonard Keir.

Summerland skaters passing tests were as follows:

Dutch Waltz — Janet Munro, Ruth Keys, Linda Munro, Maureen Keys, Leona Keys and Teresa Keys.

Canasta Tango — Janet Munro, Ruth Keys, Elsie Karlstrom, Linda Munro, Leona Keys.

Swing Dance — Linda Munro, Leona Keys.

NEW AIR BORN B-58 BUICK FOR 1958

Howard and White Motors are pleased to have supplied two new Buicks to Vet's Taxi who chose Buick for passenger safety, comfort and long-range economy.

All new for '58—the bold lines of Buick's styling is exemplified in the luxury and beauty of the Buick Special. Dual headlights and a dazzling new grill add breadth and lowness to the front-end design. Buick boasts new and bigger brakes, and exquisite new interiors that complement the glamorous exterior colors. Imagine a ride that floats you soft as a cloud—that sleeks you in down-soft comfort. It's the B58 Air Born Buick with the new Miracle Ride, the ultimate in luxury.

DEATHS

McGLADDERY—Reverend Samuel McGladdery passed away in an accident on the Hope Prince highway, on March 15, 1958, at the age of 50 years. He is survived by his loving wife Signa, two sons and two daughters; Harold at the University of British Columbia, and Ingrid, Ruth, and John at home. Also his mother, Mrs. Mary McGladdery; three sisters and one brother in Los Angeles, U.S.A. Funeral services for the late Reverend McGladdery were held in the St. Andrew's Presbyterian Church on Tuesday, March 18th, at 2:00 p.m. Rev. Kenneth Rooney officiating, assisted by Rev. George Patterson. Cremation followed. In memoriam donations may be made to the 1958 Hunt Fund. Penticton Funeral Chapel was in charge of arrangements. R. J. Pollock and J. V. Carberry directors.

HOWIS—Passed away in Vancouver on March 15, 1958, Harry Clement Howis of West Sumnerland, B.C. He is survived by his loving wife Nora, one son Gerry of the RCAF at Comox, and one daughter Mrs. R. A. Fredericks of West Sumnerland; also four grandchildren. Funeral services for the late Mr. Howis will be held at the St. Stephen's Anglican Church Wednesday, March 19th at 2:00 p.m. Rev. A. A. Northrup officiating. Interment in the Anglican Cemetery in West Sumnerland. No flowers by request. Members of the Canadian Legion Branch 22 are requested to attend. Penticton Funeral Chapel in charge of arrangements. R. J. Pollock and J. V. Carberry directors.

CARDS OF THANKS

We wish to extend to our many friends our heartfelt thanks and appreciation for the beautiful floral tributes, cards and acts of kindness given during our recent bereavement in the loss of a devoted husband and father. Special thanks to the doctor and Elder Wilkinson.

—Mrs. Gordon McLearn and family

LEGALS

AUCTION OF TIMBER SALE

There will be offered for sale at public auction, at 11:00 a.m. on Friday, April 11, 1958, in the office of the Forest Ranger, Penticton, B.C., the Licence X 77725, to cut 126,000 cubic feet of Yellow Pine, Fir and other species of sawlogs, on an area situated Shuttleworth Creek, S. & E. of S.L. 21 of Lot 2710, S.D.Y.D. Three (3) years will be allowed for removal of timber.

Provided anyone who is unable to attend the auction in person may submit a sealed tender, to be opened at the hour of auction and treated as one bid.

Further particulars may be obtained from the District Forester, Kamloops, B.C.; or the Forest Ranger, Penticton, B.C.

Charged With Weak Handling Of Police Unrest

PARIS (CP)—Tunisia's apparent conciliatory terms for settlement of her dispute with France were pushed temporarily aside today as Premier Felix Gaillard wrestled with the National Assembly on other issues.

The British-American "good offices" waited to present the proposals while the young premier defended his government against charges of weak handling of police unrest and made ready for a vote of confidence on a bill to strengthen governmental powers.

The Tunisian proposals may well end the dispute, special envoy Robert Murphy of the United States said on his arrival from Tunis Monday night with his British colleague, Harold Beeley.

Drive Mounts for Space-Age Talks

WASHINGTON (AP) — State Secretary Dulles returns today from a 10-day Far Eastern trip, facing a mounting campaign for a space-age summit conference.

United States officials clearly are looking to Dulles for guidance on how to offset propaganda gains they saw Moscow registered last weekend with a surprise proposal for a United Nations outer-space agency.

Opposition Democrats, led by the Senate majority leader, Lyndon Johnson of Texas, denounced the Republican administration for what they called allowing the Russians to steal a propaganda march on the U.S. with the outer-space proposal.

Dulles' major advice in the pre-summit jockeying, officials said, will be for President Eisenhower to continue to insist on the need for solid diplomatic preparations, including perhaps a foreign ministers' meeting, before any parley with Soviet leaders.

DRAFTS NEW LETTER

This view probably will be reflected in a new letter Eisenhower is reported drafting to reply to a message Bulganin sent him March 5, two days before Dulles left on his trip to the Philippines and Formosa.

Some authorities are urging that Eisenhower also ask Bulganin to agree unconditionally to a UN space agency, aimed initially at peaceful purposes, without tying it to an off-rejected demand that the U.S. shut down all overseas bombing bases.

DEEP WATERS

Maximum depth of Lake Superior is 1,302 feet, compared to 210 feet for Lake Erie, shallowest of the Great Lakes.

NAMED MISS OUTDOORS GIRL

...Give Generously...

PLEASE NOTE: IF YOU KNOW

of a local Crippled Child who is not now being assisted and needs help you are urged to advise the Penticton Lions Club. Every effort is made to give assistance wherever it is needed. Phone 2357.
